

Locate Your Area

Log in to Stanfords Portal with the email address & password used for registration.

The Search tab is the first screen shown following log on & the 'Choose an Area' dropdown gives you 4 options for locating your area:

1. Postcode Search
2. House/Property
3. Coordinates
4. Define Area by ESRI Shapefile

These area search options are detailed below.

An additional section on locating an area without address details is shown at the end of this guide.

1. Postcode Search

If you know the postcode of a property that you want to centre your map on then this is the simplest way of locating your required area.

Enter the postcode in the search field provided & click the Search button –

A list of all properties within the postcode area entered is then displayed below the map window. Scroll through the addresses & click the Site Centre button adjacent to your required property address –

After clicking Site Centre proceed with your order by choosing your required product category & specific product & defining your order with the options below the map window. For instructions on ordering products download the required product quick guide or the full Stanfords Portal User Guide from www.stanfords.co.uk/business-mapping/userguides

Manchester

National Service Centre Triangle Business Centre, Fennel Street, Manchester M4 3TR

London

Stanfords Digital 12-14 Long Acre, London WC2E 9LP

Bristol

Stanfords Digital 29 Corn Street, Bristol BS1 1HT

2. House/Property Search

If you want to centre your map on a property but do not know the postcode then use the House/Property Search option.

Enter the property number, street & town in the fields provided –

The screenshot shows a search interface titled "Choose an area:". It features a dropdown menu set to "House/Property". Below this are four text input fields: "House No:" containing "399", "Street:" containing "strand", "Town:" containing "london", and "Postcode:" which is empty. An orange "Search" button is at the bottom right, with a mouse cursor clicking it.

When the search completes, the specified address is shown below the map window, click the Site Centre button –

The screenshot shows a "Search results:" section. Below the heading, there is an orange button labeled "Site Centre" followed by the text "399, STRAND, LONDON, WC2R 0LX".

After clicking Site Centre proceed with your order by choosing your required product category & specific product & defining your order with the options below the map window. For instructions on ordering products download the required product quick guide or the full Stanfords Portal User Guide from www.stanfords.co.uk/business-mapping/userguides

If your search returns no results see the 'locating an area without address details' section at the end of this guide.

Manchester

National Service Centre Triangle Business Centre, Fennel Street, Manchester M4 3TR

London

Stanfords Digital 12-14 Long Acre, London WC2E 9LP

Bristol

Stanfords Digital 29 Corn Street, Bristol BS1 1HT

3. Coordinates Search

If you know the OS National Grid coordinates for your site choose Coordinates from the dropdown.

Enter your 6 digit Easting in the X field provided.

Enter your 6 digit Northing in the Y field provided & click search –

Choose an area:

Coordinates

X:
358979

Y:
395646

Search

Click the Site Centre button shown below the map window & proceed with your order by choosing your required product category & specific product & defining your order with the options below the map window. For instructions on ordering products download the required product quick guide or the full Stanfords Portal User Guide from www.stanfords.co.uk/business-mapping/userguides

4. Define Area by ESRI Shapefile

To upload a Shapefile to define your area choose Define Area by ESRI Shapefile from the dropdown –

Choose an area:

Define Area by ESRI Shapefile

ESRI Shapefile Upload:

Shapefile shape format (.shp) *

Browse...

Shapefile index format (.shx) *

Browse...

Shapefile attribute format (.dbf) *

Browse...

Shapefile projection format (.prj)

Browse...

Upload

Upload the .shp .shx .dbf & .prj files in the four fields displayed & click Upload. Click OK on the pop up message “ESRI Shapefile successfully uploaded”.

Click the Site Centre button shown below the map window & proceed with your order by choosing your required product category & specific product & defining your order with the options below the map window. For instructions on ordering products download the required product quick guide or the full Stanfords Portal User Guide from www.stanfords.co.uk/business-mapping/userguides

Manchester

London

Stanfords Digital 12-14 Long Acre, London WC2E 9LP

Bristol

Stanfords Digital 29 Corn Street, Bristol BS1 1HT

Locating an area with no address details

If your required area is a piece of land / area without any address details then locating your site is not as straight forward as the options outlined above.

In Stanfords Portal, wherever you hover the mouse button over the map window the corresponding OS National Grid coordinates are displayed at the bottom of the mapping. You can therefore locate the coordinates for your area by panning around the Aerial Photography without charge but would need to first enter some search criteria to display mapping in the vicinity of your required area.

An example for finding a site is shown below. If you cannot locate your required area as shown below please see the external links section detailing websites where postcodes/coordinates can be found to then use in Stanfords Portal to locate your area.

Example Search

You need to obtain mapping, centred on a playing field located to the rear of 'The Bungalow, School Road, Beighton, Sheffield' & to the West of Rother Valley Country Park.

Choose the House/Property option & enter the address details as shown above. If the search returns no results for the locality i.e. Beighton, enter the Town/City information instead –

Choose an area:

House/Property

House No: the bungalow

Street: school road

Town: sheffield

Postcode:

Search

Click the Site Centre button shown below the Map Window –

Search results:

Site Centre THE BUNGALOW, SCHOOL ROAD, SHEFFIELD, S20 1EG

36 hectares of Aerial Photography centred as above is now shown in the map window. You can pan around this area & the grid coordinates displayed will change as you move the mouse so you can locate your required site –

Manchester

National Service Centre Triangle Business Centre, Fennel Street, Manchester M4 3TR

London

Stanfords Digital 12-14 Long Acre, London WC2E 9LP

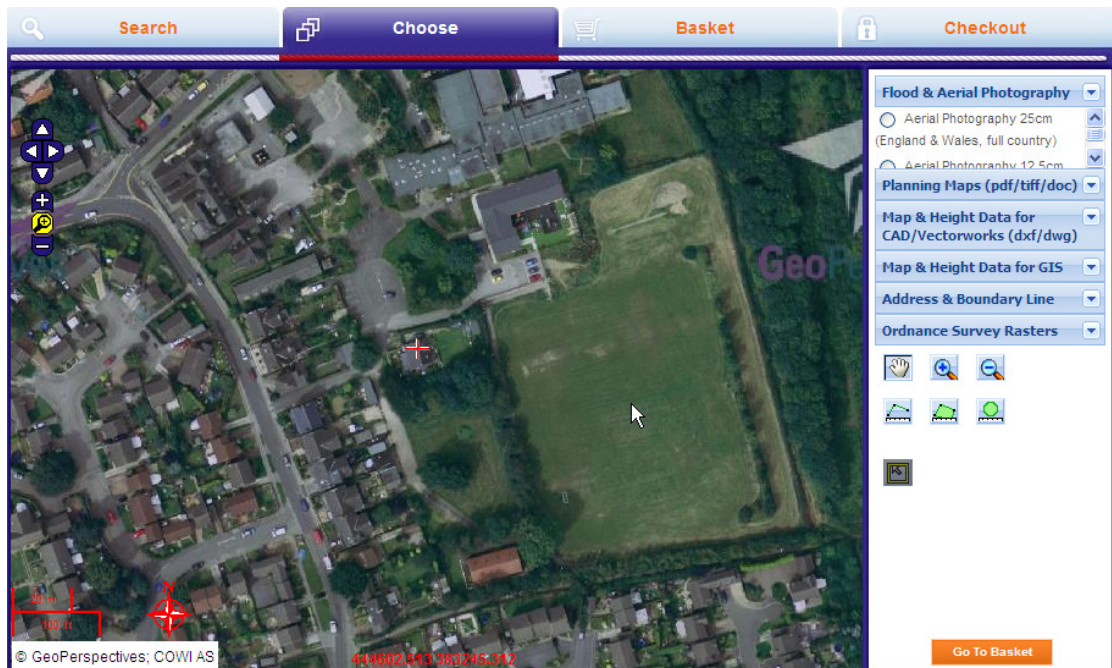

Bristol

Stanfords Digital 29 Corn Street, Bristol BS1 1HT

MAPS AT THE TOUCH OF A BUTTON

T: 0845 880 3730 E: digital@stanfords.co.uk W: www.stanport.co.uk

The red cross shows your original search site centre, pan to the area required & note the coordinates displayed on the map window – 444602, 383245 in the example above.

If you cannot locate your area within the 36 hectare view shown, choose the product category Flood & Aerial Photography & choose Aerial Photography 25cm, a larger area of Aerial Photography is then displayed and you can pan around the larger area to find your required site.

Once you have found the coordinates for the piece of land you require, return to the search screen & enter the coordinates as shown in the Coordinates Search instructions as outlined above.
